

## LearnerPal: Grade Tracker Report

LearnerPal reporting provides users with data needed to make more informed instructional decisions! The data is provided in easy to read reports. Users can drill down in reports to find more detailed information. This document previews the *Grade Tracker* report.

Purpose of the *Grade Tracker* report is to **provide Teachers and Admins with information as to how students are performing based on categories and subcategories**. This provides Teachers with valuable information and insights into where there students are excelling, and where they may need some extra work.

This Report Helps by providing a cumulative view of how your students are performing across subject categories and subcategories, allowing you to identify struggling areas early on.

Every question in LearnerPal is “tagged” with a category and subcategory. As students complete question activities, either through self-study or assignments, the results are aggregated and presented in the *Grade Tracker* report.

For this example, we generated the *U.S. History and Government* Grade Tracker report:

The screenshot displays the 'Grade tracker' report for 'U.S. History and Government' with an overall score of 54%. The interface includes a student list on the left, a main report area with a category overview, and a dropdown menu for report type.

|                                    | Average | Total Questions | Answered Correctly | Answered Incorrectly |
|------------------------------------|---------|-----------------|--------------------|----------------------|
| Document Based Questions           | 0%      | 7               | 0                  | 7                    |
| Industrialization                  | 43%     | 14              | 6                  | 8                    |
| Populism - Progressivism - WWI     | 17%     | 6               | 1                  | 5                    |
| Post World War II                  | 50%     | 6               | 3                  | 3                    |
| Pre-Civil War                      | 49%     | 41              | 20                 | 21                   |
| The 1920s and The Great Depression | 38%     | 8               | 3                  | 5                    |
| The Civil War and Reconstruction   | 100%    | 2               | 2                  | 0                    |
| The Cold War                       | 75%     | 8               | 6                  | 2                    |
| The Constitution                   | 46%     | 26              | 12                 | 14                   |
| The Thirteen Colonies              | 75%     | 72              | 54                 | 18                   |
| World War II                       | 25%     | 12              | 3                  | 9                    |
