

How do I register as a Student?

Let's start by going to Learnerpal.com and select the **Register** button.

LearnerPal Registration

Select the role that best describe you (Only Teacher roles are eligible for a 30-day trial)

Fields to Complete in the Registration Form:

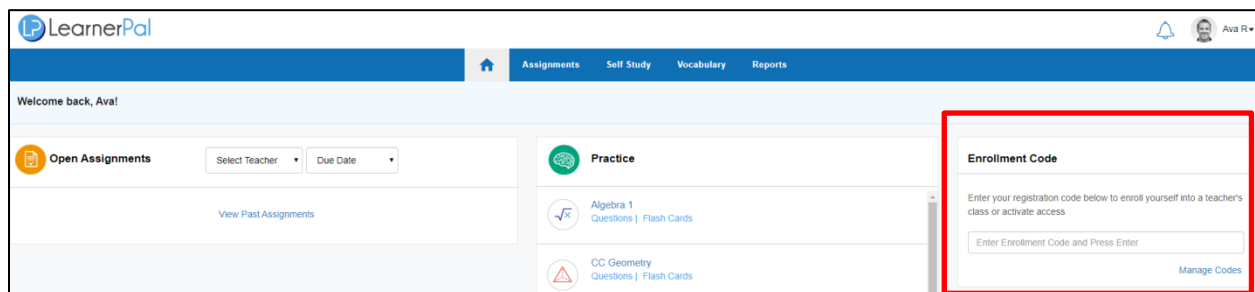

1. **Enter your Role:** Select Student from the picklist. This will allow you to enter the needed information to get started as a Student!

The screenshot shows the 'LearnerPal Registration' form. A red box highlights the dropdown menu for selecting a role. The dropdown is currently set to 'Student'. Below the dropdown, there is a text input field for 'Enter Username'.

2. **Enter User Details:** Enter *Username, Password, First Name, Last Name, Email Address*
3. **Enter Enrollment Codes:** Your Teachers will provide you with your Enrollment Codes. Enrollment Codes allow you to enter your Teachers classes.

****You will probably need to enter multiple Enrollment Codes, one from each Teacher. You can add additional Enrollment Codes from your *Portal* or your *Profile* window once your registration is complete****

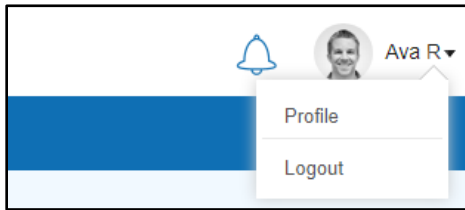

The screenshot shows the LearnerPal user interface. The 'Enrollment Code' section is highlighted with a red box. It contains the following text: 'Enter your registration code below to enroll yourself into a teacher's class or activate access', a text input field with the placeholder 'Enter Enrollment Code and Press Enter', and a 'Manage Codes' link.

The Profile Window:

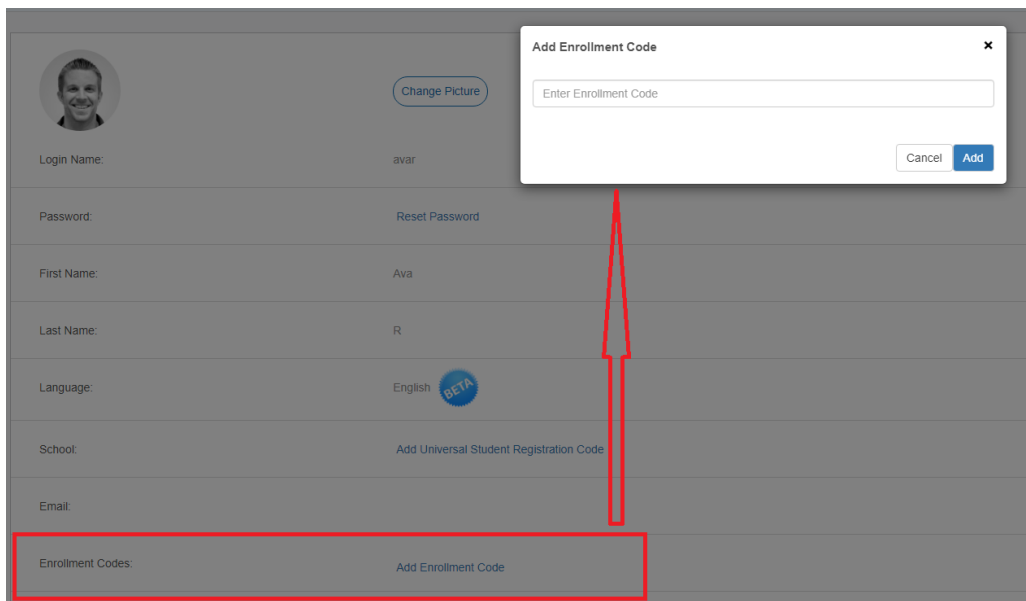

The *Profile* window allows you to make some changes to your user details. You can:

- Change your general information (name, password, etc.)
- Change your default language (what language you want to view your assignments in)
- Add Enrollment Codes (to join additional classes)

To Access the Profile window: From the top right, click on your name and select Profile.

Add Additional Enrollment Codes: As Teachers provide you with their codes, you can enter them here.

Need to Change your Default Language?

You can change your default language if you need within the *Profile* window. This will allow you to view your questions, answers and explanations in your selected language.
